"Be the change that you wish to see in the world" - Mahatma Gandhi.

There is no doubt in fact that this quote have deep meaning and need to be seen by every one and everywhere. But why this quote is so phenomenal to be exactly?

In my opinion, this is one of the most powerful quotes in the world. In short, this quote refers you to embrace yourself to improve some aspect of the world that you wish to improve. There is two reasons why you should support it. The first one is motivational aspect for people who think they can't do anything, and a second one is tell the fact that every person on Earth matters.

Before I saw this quote and knew about Mahatma Gandhi, I was at my lowest. I was struggling with everything I worked and living pointless. I wished to change the world by becoming a scientist to develop a cure from cancer, which killed my mom. But I thought I was too weak to do this. But then I saw him. His meaning of life and philosophy changed my life. His impact on me was so big it cured my soul literally. I finally convinced myself: "I'm not useless". I determined to make my wish come true.

Remember, there's always hope and place to go. The words can impact your life. Never give up on your wish, because every wish matters.
